

2009 – 2010 CMYBL Large Town Regular Season Schedule

This is a 14-page document. It contains some red and some blue text. If you do not have a color printer, alter your print settings so that it prints in black and white, otherwise it may not print correctly. Also, if you want it to print quickly, select “draft” for the print quality.

Page 1-2: This cover page; season and league information.

Page 3: Teams participating in the league.

Page 4-8: Game schedule by team.

Page 9-13: Game schedule by gym.

Page 14: Playoff format.

I have double checked this schedule but you should double check it too:

- Cross reference your schedule with your opponents schedule and make sure the listed game time and location is the same for both of you.
- Cross-reference your game schedule with the gym schedule and make sure the game is blocked into the correct slot for the gym.
- If by chance there is a typo, the “schedule by gym” section is the final authority for game time and location.
- E-mail or telephone your opponent each week to confirm the game.
- The format for the game schedule is as follows:

<p>TIME @ LOCATION OPPONENT</p>
--

WEATHER CANCELLATIONS: Due to the huge challenge in rescheduling a week’s worth of games, we will postpone for weather only under extreme circumstances. If games are cancelled, I will send you an e-mail by 10am on Sunday.

FORFEITS / NO SHOWS / SCHEDULE CHANGES: If you forfeit a game, show up at the wrong gym, or show up at the wrong time, you are responsible for paying each of the officials the \$35 fee. If the game is an away game, you may also be held responsible for paying the host location for 1.25 hours of the hourly gym usage fee they are charged. If you show up late or go to the wrong gym and do not want to accept a forfeit, you are also responsible for setting up a make-up game, securing gym time, and arranging for officials. Teams will be held responsible for their mistakes or forfeits. It is once again suggested that you call or e-mail your opponent each week to confirm the game time and location.

This is the final version of the league schedule. You may not change or move any games around without permission from me. If you have a circumstance that may warrant moving a game to a different time, you may contact me to discuss it first. I will provide you with the options (if any) but you will be responsible for making the phone calls. Keep in mind that pulling a game out of the middle of the schedule will rarely be an option if it means the contracted referees will lose a game, will need to sit around for an hour, and/or there will be a “hole” in the gym schedule as a result where no game is played for one hour. In situations such as that, be prepared to pay for both referees. If however we can work something out, you will be responsible for a \$15 rescheduling fee to cover the charges associated with changing the referee schedule.

SCORE REPORTING: Within 24-hours after the completion of your game, a representative from each team (a volunteer parent is fine) must e-mail the final score of the game. An e-mail must come from both the winning and losing team of the game and should include **THE TWO TEAMS THAT PLAYED** and **THE FINAL SCORE**.

You should send your score e-mail to the e-mail address appropriate to your division:

scoresB5@abbasketball.com
scoresB6@abbasketball.com
scoresB7@abbasketball.com
scoresB8@abbasketball.com
scoresG5@abbasketball.com
scoresG6@abbasketball.com
scoresG7@abbasketball.com
scoresG8@abbasketball.com

Please don't make me chase after you to get the score of your game. Having someone from your team report an accurate game score in a timely manner is a league rule. If you're not good at e-mail, appoint a parent to take on this responsibility for you.

STANDINGS: Updated standings will be posted on our website (www.abbasketball.com), usually within four days after your game. Please keep in mind that league standings count no more than 15 points from any single game towards your total point differential for the season (e.g. beating an opponent by 40 points will count no more than beating an opponent by 15 points). Therefore, if you can coach strategically and avoid beating a weak team by much more than 15 points, it would be appreciated. Forfeits will be scored 15-0.

DIVISION EXPLANATIONS:
